LOGNOTE -- Chief, Operations Group, 16 May 1985

1.  From today's FBIS staff meeting:

25X1

- HPSCI will require prior approval for any reserve release to CIA from now on, which will make getting such releases much more difficult.
- An Agency officer has been indicted and given a jail sentence for falsifying T&A's.
- Kohler says OD&E is losing five GS-15's to private industry, in part because Congress may tamper with the Agency retirement system.

25X1

- 5. Parking fines at Langley are increasing from \$10.00 to \$35.00.
- 6. The ex-Marine sergeant who has directed traffic in front of Hqs. Building has been replaced. Evidently stepped on too many well-shod toes.
- D/FBIS met yesterday with the Open Source Action Group and received several complaints about nonavailability of electronic storage and retrieval of FBIS products. He will meet with appropriate FBIS people next week to discuss how to describe options for this to higher management. A Los Alamos representative at the meeting yesterday stiffened to attention at the

25X1

mention of our Soviet monitoring and may come back with some questions about our Soviet regionals monitoring capability.

25X1

- D/FBIS stopped by [redacted] TV center open house and came back with a couple of thoughts:

1. We need a specific plan for our own TV center. (DD/FBIS and C/SDS reported that a GE proposal is currently being studied by MOD.)

25X1

with viewgraphs from a developer, got a sympathetic hearing, and Hineman may air the idea at some suitable Agency management forum.
